

RE: IDENTITY DOCUMENTATION - PREVIOUS CHILD CARE - PHYSICAL

Dear Parents:

Child's Name:

A law which took effect July 1, 1998 requires that Child Care Systems verify the identity and age of your child. Proof of your child's identity may include a certified copy of the birth certificate, birth registration card, notification of birth (hospital, physician or midwife record), passport, copy of the placement agreement or other proof of the child's identity from a child placing agency, record or report card from a public school in Virginia, or certification by a principal or his designee of a public school in the U.S. that a certified copy of the child's birth record was presented. Please bring one of these documents to the office when you return the forms prior to starting child care.

The law also states that parents must provide the names and location of all child day care programs and schools the child attended.

Please list the Child Day Care/Schools:
