## **Meet Your Child Care Specialist**

### **Malia Anderson**

***Our most important consideration is the safety and development of children in the Infant/Toddler family. That's why we have dedicated Child Care Specialists who are assigned to each child in our program. Every month, we visit your child care providers to provide ongoing mentoring and skills training. And, we serve as an important point of contact for parents and families in the program.***

**Welcome to our family!** My name is Malia Anderson and I am your Child Care Specialist at Infant/Toddler Family Day Care. I have been with Infant/Toddler since 1986. My training and experience includes a Bachelor of Arts degree in Sociology and Social Work, a child care provider with Infant/Toddler from 1986 until 1992, an administrative assistant with the Agency for a few years, a one on one training instructor with the agency, conducting in home training for the provider's and later becoming a child care specialist in 1996. I enjoy working with the providers and children in their homes. It is very rewarding to see the providers grow and develop as professionals and to observe them meeting the daily emotional, physical, social and educational needs of the children in their home. Meeting the needs of parents, searching for that ideal child care setting, is both challenging and rewarding. During my visits, I love to read, sing and dance with the children. Observing the loving relationships that develop between the provider and her extended child care family gives me a very positive feeling, thus making my job more rewarding. My work with Infant/Toddler has also given me the opportunity to build wonderful relationships with the providers, children and parents.

**I am here for you!** We understand that the first few weeks in a new child care setting can be stressful. Please feel free to contact me at the office, 703-352-3449 extension 108, or by email, [manderson@infanttoddler.com](mailto:manderson@infanttoddler.com). I look forward to meeting your child!
