

Meet Your Child Care Specialist

Marina Shafran

Our most important consideration is the safety and development of children in the Infant/Toddler family. That's why we have dedicated Child Care Specialists who are assigned to each child in our program. Every month, we visit your child care providers to provide ongoing mentoring and skills training. And, we serve as an important point of contact for parents and families in the program.

Welcome to our family! My name is Marina Shafran and I am your Child Care Specialist at Infant Toddler Family Day Care. My training and experience includes a Bachelor of Arts in Human Development from North Park University and a Masters in Social Work from George Mason University. Prior to coming to ITFDC, I taught in Sunday schools, led cultural enrichment classes for adopted children from Russia, worked as a youth director, interned as a school social worker in Fairfax County public schools and coordinated an immigrant center in Chicago.

I am excited to start working with children, parents and providers. I hope to assist providers in maintaining a nurturing and safe educational environment. I also look forward to communicating with all the parents and sharing with them the information about their children's daily activities.

I am here for you! We understand that the first few weeks in a new child care setting can be stressful. Please feel free to contact me at the office, 703-352-3449 extension 120 or by email, mshafran@infanttoddler.com. I look forward to meeting your child!
